MEMORANDUM

DATE: March 31, 2016

TO: Linda Dorrell, Purchasing Director

FROM: Tom Rains, County Engineer

SUBJECT: Rental of Volvo Excavator

On March 14, 2016, Tulsa County Highway Construction closed Garnett Road between 81st and 91st Street South for construction of a pre-cast concrete box culvert. Due to the location of power lines on both sides of the roadway, utilization of a crane to set these concrete boxes was not possible. Highway Construction rented a Volvo 480 excavator that had the capacity to lift and set the concrete boxes. Rental for this machine was \$10,500 per month. While the box culverts have been set, there remains a large amount of excavation to complete the channel work and cleanup of the old structure. Rental of this equipment for an additional month will greatly expedite the work on this road project.
