This letter is intended to provide you with a brief overview of the products and services available to you from LexisNexis. If you require more information, please feel free to contact me with any questions.

LexisNexis provides many exclusive products as part of the LexisNexis® Total Research System including:

Shepard's® Citations Service —Helps you begin your research by providing relevant cases, statutes, secondary sources, and annotations that validate and cite your authority. Shepard's Signal™ alerts you to positive, negative or questioned treatment.

Matthew Bender® National Analytical Material — authoritative legal analysis covering every practice area including such premier treatises as Moore's Federal Practice®, Collier on Bankruptcy®, Immigration Law and Procedure, Zimmer on Copyright®, and much more.

LexisNexis Public Records — With 3.5 billion documents, LexisNexis has the most extensive collection of public records information. Person and business locators, real property records, personal property records, business and corporation information, judgments and liens, civil and criminal filings, verdicts and settlements, licenses and more are all a part of the LexisNexis Public Records data.

SmartLinx — The SmartLinx feature quickly locates and associates information that could otherwise take hours or days to cross-reference using traditional methods. This feature provides instantaneous vital links between entities such as a person's, company's, or organization's name, a license or registration number, an address, zip code, or telephone number to give you access to other public records where that entity is also mentioned.

Law Enforcement Solutions Page — Provides simple, one-click access to a comprehensive range of investigative, fraud prevention/detection, and risk management solutions — all from a single powerful web page interface. The

SmartLinx™ feature helps you quickly compile a comprehensive report on an individual — including name, aliases, address history, driver's license, bankruptcies, judgments, liens, associated people, and businesses.

Banko® Batch Solutions- Helps streamline your large-volume collection and recovery efforts. You save time and labor by eliminating the need to enter individual records in a manual search. Our volume process is automated, and we tailor the output to your specifications.

LexisNexis News Sources — LexisNexis provides more than 18,000 news, business, and financial sources. Current and archived news, business and financial filings, and company profiles are all available through the LexisNexis online service. With additional research tools such as LexisNexis Company Analyzer and LexisNexis Company Dossier you can access critical information through a single search.

Factiva®- Provides world-class global content, including Dow Jones and Reuters newswires and The Wall Street Journal - unduplicated in a single service elsewhere. Factiva offers the

only single content solution with multiple language interfaces and multilingual content covering 9,000 sources.

CourtLink® - the advanced online court records service that allows you to search and retrieve court records; create strategic profiles of litigants, the judge and opposing counsel; and track case activity and be notified of newly filed cases.

Mealeys — Mealey Publications & Conferences Group provides plaintiff, defense and insurance counsel, and corporate executives with highly targeted legal news reports and sophisticated conferences.

LexisNexis® Total Search — Expand the boundaries of the LexisNexis Total Research System by making it possible to simultaneously combine searches of lexis.com and your agency's work product.

In addition to our authoritative content offerings, LexisNexis offers the following exclusive features to make your research more accurate and efficient:

Lexis® Search Advisor — Target the legal issue, identify appropriate primary and secondary sources, and formulate a successful search with this legal classification system, built by Matthew Bender attorney editors, and encompassing nearly 4,000 legal topics.

LexisNexis Case Summaries — Written by our attorney editors, Case Summaries are targeted synopses of cases. Each case summary includes: Procedural Posture (the case's procedural history); Overview (brief review of the court's holding); and Outcome (procedural disposition).

LexisNexis Headnotes — Access key legal points of a case, in the court's own language. Each headnote is hyper-linked to the part of the case where the discussion occurs, and to related concepts in Lexis® Search Advisor.

More Like This Headnote — Find additional on-point headnotes simply by clicking on the link at the end of the headnote.

Retrieve All Headnote- Shows you all case headnotes written for a specific Search Advisor topic. Use early in your research to help you understand the topic.

Get & Print — Retrieve and deliver multiple full-text documents to multiple Shepard's Citations Service reports.

Shepard's Q - Shepard's introduces the Orange Q. This new signal identifies cases that have been questioned.

Research Task Pages - Combines critical information and relevant resources, focused by areas of law. The Research Tasks pages are tailored specifically for your information needs, offering you quick accessibility to the material you need all in one handy location.

LexisNexis® FASTPrint — This button helps you streamline the printing process. Simply complete a brief, one-time setup and send document directly to a standalone printer without confirmation screens.

ECLIPSE feature — Stay current with issues that affect your work — automatically — at the regular intervals you select.

Copy w/Cite — Highlight an on-point quote or paragraph. Click the Copy w/Cite link. Your selection is copied, and a cite/reference is added automatically — complete with a link back to the full-text document.

CheckCite® software — Retrieve citations from documents and verify their accuracy with Shepard's Citations Service.

LEXLink™ feature — Copy your word-processing document, count recognizable citations and add direct hyperlinks to the full-text documents at www.lexis.com and current reports on the *Shepard's Citations Service*.
